

**New ADA compliant
curb ramp**

**Remove noncompliant asphalt
and replace with new ADA
compliant concrete parking
stalls and access aisle**

A franchise business requested Protrk's services to quickly remediate the identified exterior upgrades to meet ADA compliance. Protrk completed the project from demolition to substantial completion in three days.

Protrk brought its experience to bear for this owner by quickly assessing the required upgrades and deciding on the most cost effective location for new ADA compliant parking stalls. This project required a condensed schedule and no interruption in service and Protrk delivered!
